

NEW FOR 2019-20!

Curriculum CPD Offer

Ensuring teachers have the relevant knowledge and skills to enable them to teach effectively across the whole curriculum is a focus for many schools. Given the lack of CPD opportunities there has been over recent years for developing teachers' subject knowledge across many of the foundation subjects, the Gateway Alliance have developed a CPD programme which offers high-quality CPD for teachers in some of the key curriculum areas.

This essential package of CPD will help classroom teachers to:

- improve their subject knowledge,
- develop a bank of practical teaching strategies and techniques,
- understand relevant skills progression and
- identify cross curricular links between subjects.

Gateway Alliance

For 2019-20 the Curriculum CPD Offer includes:

Art

Geography

Music

History

MFL

**Design &
Technology**

RE

Early Years*

Overview:

Within the 'Curriculum CPD Offer' we will be offering 8 full day CPD events targeted at classroom practitioners, although subject coordinators new to subject might also benefit from attending.

Each of the days will be led by a subject expert who has experience of teaching their subject in a primary setting. The events will be relevant to both KS1 and KS2 and will look at skills progression across the primary age phase. The sessions will explore the relevant primary curriculum objectives, offering a range of practical ideas that can be taken back to the classroom and will support colleagues to think about planning and assessment, in a manageable way, in relation to the relevant subject.

*The Early Years session is specifically for teachers who are new or less experienced in supporting children in the early years. This session will look at the foundations of skills development, right across the curriculum, and explore effective ways in order to support and engage our youngest pupils.

Leading Your Subject in a Broad Curriculum

This half day session is for subject leaders/SLT and is **FREE** for all schools who subscribe to the Curriculum CPD Offer (1 place per subscribing school).

This half day session will focus on 2 core areas of subject leadership - **Planning** and **Monitoring and Assessment**.

Session Aims:

- To share different approaches to assessing foundation subjects;
- To learn how to demonstrate progression within your subject, across every phase in the school;
- To explore effective and manageable systems for planning and assessment;
- To understand effective approaches to reporting at all levels.
